

QUALITY AND TECHNOLOGY

GREAT DURABILITY

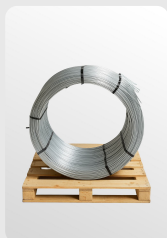

Thanks to an alloy of 95% zinc and 5% aluminium, this wire has exceptional durability characteristics that translate into longer life and higher corrosion resistance than normal galvanized wire.

TO DESIRED LENGTH

- ✓ Netto length of the greenhouse in meters
- ✓ Rings up to ± 25 kg

PACKAGING OPTIONS

- ✓ Bundled (pallet optional)

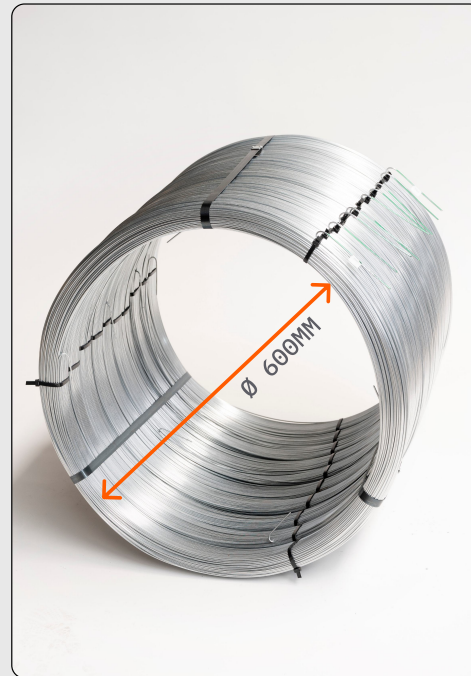

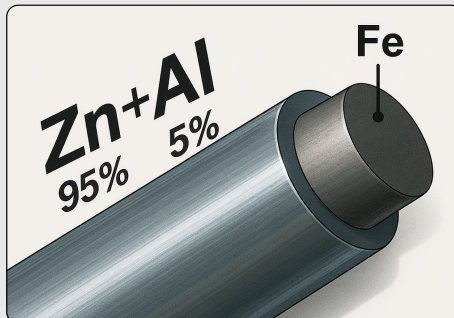

- ✓ On spiders (export)

CRAPAL CROP WIRE

NO. 1 CROP WIRE FOR THE HORTICULTURAL SECTOR

- Salt spray tested according to DIN EN 50021 SS/ISO 9227
- Coating meets EN 10244-2

USABLE WITH

Spin-off reels

ADKR-Sets

*ALSO ASK FOR THE MANUAL ADKR-SETS
